Subject: Patent Application (URGENT!!!)

Mr. Tuo,

It is urgent that you give me a call this week to discuss your Patent Application# 10/069,150. The Patent Office has mailed out the petition decision and a Letter of Non-Compliance to the amendent that you submitted, but for some reason (maybe a change in address) the letter are not being recieved by you. You must contact the Patent Office with an updated address and phone number, so that we may clear up this situation. If we have not heard from you, case may be abandoned again.

Examiner Mark Henderson
